Urban Land for House Construction

We present this urban land located in Valongo, with a total area of 346 m². Located in a quiet residential area, this plot offers an excellent opportunity for the construction of a single-family house, benefiting from a quiet environment and easy access to various services and infrastructures.

The surrounding area is made up of villas and small residential buildings, providing a familiar and safe environment. The proximity to schools, local shops and public transport makes this land a practical option for those looking for quality of life without giving up urban convenience.

With feasibility of construction, this plot allows the construction of a villa with personalized characteristics, adapting to the needs and preferences of the buyer. The favorable sun exposure and flat topography of the land are additional factors that add value to this property.
